## Day 1-3

### The Victoria Falls Hotel, Victoria Falls (Zimbabwe)

#### Day Itinerary

Upon arrival into Victoria Falls Airport, proceed to Customs and Immigration (visa fees to be advised by your consultant) and collect your luggage before you are met by a local representative for the private road transfer to The Victoria Falls Hotel. Here you spend two nights in a Classic room on a bed & breakfast basis.

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

Popularly known as "the grand old lady of the falls", The Victoria Falls Hotel is situated in the Victoria Falls National Park, a world heritage site. The hotel is surrounded by tropical gardens, lily ponds and century-old shade trees overlooking the magnificent Victoria Falls, an ideal location for river cruises and helicopter tours. A ten-minute stroll, via a private footpath, leads to one of the Seven Natural Wonders of the World: the Victoria Falls.

The Victoria Falls Hotel has 149 rooms ranging from Standard rooms, Classic rooms, Stable Signature Wing rooms, Premium rooms, Deluxe suites, Executive suite, Presidential/Livingstone suite and the famous Royal Batoka suite. All rooms are air conditioned and en-suite with a shower and bathtub. Guests can cool off by a swimming pool set amongst beautifully landscaped gardens, overlooking the falls. The guests may also relax in the in-house residents' lounge and art gallery. Located next to the poolside is an open-air bar area with thatched gazebos. The hotel has a gift shop and jewellery shop specialising in colonial and ethnic memorabilia, as well as an in-house activity desk.

## Day 3-5

### Chobe Game Lodge, Chobe National Park

---

#### Day Itinerary

Following breakfast and a morning at leisure you are met at reception at a pre-appointed time for your private road transfer across the Kazungula border into Botswana. Continue through to Chobe National Park to Chobe Game Lodge where you spend the following two nights on a fully inclusive basis (activities are shared with other guests).

The Chobe River Front is a remarkable wildlife area due to the permanent water source of the Chobe River. However its accessibility from Kasane and neighbouring towns of Victoria Falls and Livingstone has created quite a busy tourist area with larger hotels and lodges than you find in the more remote Okavango Delta. The spectacle of all the animals coming to drink and frolic at the water's edge is one to behold, particularly in the dry season (May - Oct) where water is scarce away from the river. It is an area famous for its abundance of elephants, a variety of predators and, in addition, you are likely to see herds of buffalo and possibly even roan and sable antelope. In the rainy season (Nov - Apr) the game is much less concentrated at the river as the wildlife spread throughout the greater area of Chobe National Park due to availability of surface water from nearby pans. This assists the vegetation on the river banks in recovering from the massive herds that are attracted to the area in the dry months. The summer rains bring beautiful wild flowers, exquisite scenery, impressive bird life and an abundance of young animals usually born around November/December. The spectacular Chobe sunsets alone are worth a visit to the area. Please note that activities are restricted within the national park in accordance with government rules and regulations: these include no driving off-road, no walking and no driving after dark.

Chobe Game Lodge is the only lodge situated within the National Park. The remainder of the lodges, hotels and guesthouses in the Chobe area are located along the river in the town of Kasane, adjacent to the park. In addition there are some lodges situated further out of Kasane and in the Chobe Forestry Reserve, namely Muchenje Safari Lodge and Elephant Valley Lodge for those looking for something in more of a bush setting.

## Day 5-7

### Savute Safari Lodge, Savuti - Chobe National Park

---

#### Day Itinerary

Following breakfast and a possible morning activity (time permitting) you have a road transfer to Kasane Airport where you will be assisted with check in formalities for the onwards light aircraft transfer flight to Savuti. The following two nights you spend at Savute Safari Lodge on a fully inclusive basis (activities are shared with other guests).

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that

there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.

When it comes to Botswana, Savute breaks all the rules: both for animal behaviour and for habitats. Here, lions hunt elephants, leopards take to fishing, the grasslands are vast and open and rocky hills punctuate the flat terrain.

Savute has proved itself somewhat of an enigma over the decades. During years of abundance its marsh fills with water, fed by the Savute Channel. The water weaves its way here from Angola via a chain of rivers and lagoons, spilling out into the marsh and drawing huge herds of elephants, wildebeest, zebras and buffalos.

In drier years, the channel shrinks into small pools and can evaporate completely, leaving the marsh dry and sending wildlife to the waterholes for water, where the tension between plains game and predators heats up over a parched and dusty landscape.

Wherever the plains game goes in Savute, the predators follow close-by, learning tricks of survival to adapt to the marsh's ever changing nature. Whether the water flows here or not is anyone's guess. The channel and marsh have a life of their own, independent both of the seasons and the annual rainfall.

Savute doesn't just offer a safari; it's also a feast for the eyes. Whitewashed skeletal trees set against green grass and huge blue skies, blinding red sunsets that spill purple and orange across the bush, and endless horizons that fade into a hazy mirage with the heat.

As Savute is part of Chobe National Park, a safari here is limited to game drives only. With the diversity of habitats, wildlife and landscapes that the marsh has to offer however, you'll still find yourself wishing you had more time to see it all.

### **Overnight: Savute Safari Lodge [View iBrochure](#)**

**Includes:** meals, selected drinks, activities, park fees, laundry & return airstrip transfers and intermittent wifi

**Excludes:** premium drinks

**Activities:** day game drives

In the heart of Chobe National Park, Savute Safari Lodge peers out from ancient Camel thorn trees on the shore of the Savute channel, Botswana's fabled 'stolen river' which is sometimes dry, sometimes wet. The Savute channel forms part of the dynamic Savute eco system renowned for its large concentration of elephant and lion and their extraordinary relationship.

The lodge has twelve tastefully furnished twin-bedded suites, with spacious interiors offering a lounge area, en-suite bathrooms, private decks and large glass sliding doors and windows, which set the lodge apart from typical safari accommodation. The lounge, library and cocktail bar are situated in the thatch and timber main building overlooking the channel as well as a viewing deck, outdoor dining area and swimming pool.

Activities focus on game drives in open 4x4 safari vehicles in the Savute area including the Savute Marsh and the ancient San rock paintings at Gubatsa Hills. Being situated in the National Park, no night activities are permitted, with the afternoon drive returning just after sunset. The dry winter months offer incredible game viewing as the parched wildlife congregates at the water holes and river to drink – here you may witness the famed elephant-hunting lions in action. The summer rains in Savute bring a fresh feast for lion, hyena and cheetah as thousands of migrating zebra and wildebeest arrive in search of the rain rich grasslands of the Savute Marsh.

**Airstrip Transfer Time:** 20 minutes

## Day 7-9

### Camp Moremi, Moremi Game Reserve

#### Day Itinerary

Following breakfast and a possible morning activity (time permitting), you have a light aircraft transfer flight to Camp Moremi where you spend the following two nights on a fully inclusive basis (activities are shared with other guests).

The Moremi Game Reserve is all about searching for big game; where the habitats are as diverse as the wildlife itself. Water-adapted antelopes and wary-eyed buffaloes spill out into floodplains, behind towering woodlands where leopards hide on the high branches. Dead trees cast silhouettes over elephant-filled savannas a stone's throw from papyrus-fringed channels stretching out to the delta beyond.

When you arrive in the Moremi Game Reserve, it's anyone's guess what you'll find lurking in the long grass. From wild dogs stalking waterbucks to long sunsets by a hippo-filled lagoon, the scenes will live on in memory long after the journey home.

Kick up sharp smelling clouds of dust on a morning drive, disturbing pockets of warm air in the reeds as you splash through water crossings in pursuit of a distant lion's call. Pause by the edge of large lagoons, squinting to catch mischief making hyenas as they emerge from the trees to drink.

When you get sick of game drives, discover the channels by boat while Squacco herons fly alongside you into the wind. Watch a lazy sunset with the blue-cheeked bee eaters before returning to dry land for more hardcore bush exploration.

As Moremi Game Reserve is bound by national park rules, activities here are limited to game drives during hours of daylight with no off-roading, and boat cruises on the permanent channels.

While most of the reserve is open to the public, two private lodges sit in the Mombo Concession to the north of Chief's Island, surrounded by the waters of the Okavango Delta. Boating isn't possible here, instead the area offers the ultimate in dry-land game viewing. Hailed as Botswana's predator capital, this exclusive corner is closed to outsiders and home to the big five, where the invitee list fills up years in advance.

### **Overnight: Camp Moremi [View iBrochure](#)**

**Includes:** meals, selected drinks, activities, park fees & laundry and intermittent wifi

**Excludes:** premium drinks

**Activities:** game drives and boating

Camp Moremi is situated on the picturesque Xakanaxa Lagoon in the eastern extremity of the Okavango Delta, within the Moremi Game Reserve. The area is a wildlife haven with incredible game viewing opportunities year-round.

Twelve spacious thatched safari tents rest on slightly raised wooden platforms and reflect a modern yet warm, natural feel. All are en suite with shower, basin and toilet. One room is a family unit comprised of two en suite tents linked by an interleading door. Subtle touches in each room include a fan, tea/ coffee making facility, small hairdryer and eco-friendly bathroom amenities. All rooms have private decks with scenic views of the surrounding Moremi Game Reserve.

The communal areas of Camp Moremi feature an unusual bar, carefully constructed around a large termite mound and ebony tree. With elegant brass fittings and graceful soft furnishings, the inviting lounge leads on to the library, elevated dining area and open-air deck. These are linked by boardwalk to the fireplace, situated in the front of the camp. An outdoor boma, swimming pool and curio shop complete the expansive central camp spaces.

Activities offered are game drives in open safari vehicles exploring the diverse range of habitats within the reserve – from open floodplains to belts of mopane woodland. Guests can also venture out onto the open waters of the Okavango by motorboat, visiting the Xakanaxa Lagoon and beyond up to the seasonal heronry at Gadikwe.

**Airstrip Transfer Time:** A road transfer of approximately 35 minutes to camp

## Day 9-11

### Leroo La Tau, Boteti River - Makgadikgadi Pans National Park

---

#### Day Itinerary

Following breakfast and a possible morning activity (time permitting), you have a light aircraft transfer flight to Leroo La Tau where you spend the following two nights on a fully inclusive basis (activities are shared with other guests).

The Makgadikgadi National Park is where the Okavango Delta finally fades into desert. The Boteti River draws a line in the sand, separating the dry Makgadikgadi from the thirst lands of the Kalahari beyond. This is the ultimate last chance for hundreds of zebras and wildebeest that crowd the water's edge to quench a desert-drawn thirst.

The Boteti is the last finger of the Okavango Delta, reaching down to the Makgadikgadi Salt Pans. Years have passed without the river being fed a drop at all; becoming a long sandy riverbed with shrinking waterholes, where zebras jostle for space under high-flying sheets of dust. At other times, the Boteti swells up fat and full, spilling into saltpans hundreds of kilometers from its source before evaporating into thin air.

This is the place to watch plains game crashing through sharp acacia trees, gathering under lofty palms and lurking in the shade of the riverine woodland, keeping close to the water. When the Boteti River is full, big elephant bulls can often be found playing in the water and browsing in the reeds while the sun sets on the day.

Although the park's eastern edges touch the Makgadikgadi saltpans, it's unlikely you'll see them during your stay. Where the saltpans are about landscapes, the Boteti is about a more traditional safari experience. Explore the banks by game drive, drift along the river by boat (when water levels allow), or wait for the wildlife to pass by from the sanctuary of a hide.

Once the rains arrive (October – November) the zebras and wildebeest abandon the Boteti, migrating to the saltpans and only returning in the winter (April – May). During the green season the Boteti's banks become a quiet green landscape of technicolour sunsets and an explosion of birdlife.

- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops en-route to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters and airport assistance from arrival to departure can be requested at an additional cost.
- Passengers exceeding 100kg are kindly asked to notify us at the time of booking as a surcharge may be applicable on internal flights due to smaller aircraft having strict weight limits in compliance with industry safety regulations.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.

- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g Dinner cruises in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g Airlink JNB/MUB, Proflight LIV/LUN within Zambia. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Air tickets are considered non-refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

### ***Passports, Visas and Travel Documentation***

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

### ***Inter-camp transfers***

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7- and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

### ***Weight & Luggage Restrictions***

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

### **Lost Luggage**

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

### **Health and Dietary**

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

### **General Travel Information**

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators' code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.
