Day 1-3

528 | Victoria Falls, Victoria Falls (Zimbabwe)

Day Itinerary

Upon arrival into Victoria Falls Airport proceed to Customs and Immigration (visa fees to be advised by your Consultant) and collect your luggage and proceed outside the airport terminal where you will be met by our local representative company for your shared road transfer to 528 Victoria Falls where you are going to spend two nights on a Bed and Breakfast basis.

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

Day 3-9

Inzila Mobile Safaris, Hwange National Park

Day Itinerary

Our local representative company will meet you at the pre appointed time for your shared road transfer to Victoria Falls Airport where you are going to be met by a representative from Mack Air to assist with your check in to your light aircraft transfer to Shumba Airstrip for Inzila Mobile Camping where you are going to spend six nights on a fully inclusive basis (Activities are shared with other guests).

You spend the first three nights at Hwange North and the last three nights in Hwange South on the mobile camp– or vice versa subject to availability and time of travel.

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.

If you have dreamt of an Africa with expansive plains and wide horizons, where elephant and buffalo traipse in huge numbers towards waterholes and giraffe browse from flat topped acacias while a blazing sun sets behind them... you can find it in Hwange.

As Zimbabwe's largest national park, Hwange has a sizeable reputation that it wholeheartedly deserves.

The sight of hundreds, if not thousands of elephants and buffalos streaming towards you as you sit at a waterhole is indescribable. There is nothing like the sound of elephants' peaceful rumbling or the deep thundering of buffalo hooves on hard ground when they spook, wary of lions that may lie in wait.

This sight and sound of a waterhole in the midst of pristine wilderness visited by huge numbers of animals is typical of Hwange. Beyond the sights and sounds, the feeling of Hwange is what will remain with you: awe and peace from spending time in a true, preserved wilderness.

Hwange's diverse habitats mean that it offers large numbers of desert adapted, plains and woodland animals. The famed elephant population is one of the largest in the world and it has plentiful predator populations such as lion, leopard and cheetah. Hwange also boasts one of Africa's last strongholds of endangered African wild dogs.

Hwange offers the opportunity to see a variety of rare antelope such as eland, sable, roan and if you are lucky the desert-adapted oryx (gemsbok).

Apart from the variety of species and its beautiful setting, Hwange is unique in its ease of access. The park begins a mere hour from Victoria Falls and there is a range of accommodation across every price point. The North typically offers a mix of private lodging and National Park chalets, as well as a well-maintained road network. Hwange's more southern concessions are generally private, offering luxury lodges and camps.

Overnight: Inzila Mobile Safaris

Includes: Meals, local drinks, laundry, and activities

Excludes: Premium drinks

Activities: Game drives and walking

The Inzila Mobile Safari offers an immersive, off-the-beaten-path experience focused on tracking wildlife, especially big game on foot, led by Adam Jones. Born and raised in Zimbabwe, Adam is a highly regarded guide with an exceptional knowledge of Hwange National Park, and he's passionate about sharing the hidden gems he's discovered throughout his years of guiding in the area.

Inzila Mobile Safari, which means 'to follow a trail' in the local Nambya dialect, is the perfect name for this safari, as guests will explore Hwange's diverse landscapes on foot and in vehicles, tracking animals in the wild. The safari takes place in a mobile tented camp, which operates for six nights across Hwange National Park—three nights in the north and three in the south. Guests enjoy the consistency of the same guide and camp throughout the trip, offering a seamless experience. Those wishing to join a shorter adventure can opt for a three-night safari, focusing on either the northern or southern regions of the park.

Accommodation is in custom-built, rustic tents with stretcher beds and outdoor bucket showers, heated by fire for a genuine back-to-basics experience. There is no electricity in the tents, so any charging needs are taken care of in the vehicle. Each tent has a 20L bucket shower, a basin, a small mirror, and a shallow drop toilet, while each camp also features a communal flush toilet.

A typical day starts at dawn with coffee and a continental breakfast before heading out to track wildlife. The safari vehicle is equipped with practical amenities, including USB and plug points to charge devices and cameras, a fridge/freezer stocked with cold drinks, and a gas cooker for preparing freshly cooked meals on the go. Lunch is usually served back at camp unless there's an exciting sighting that warrants a spontaneous bush lunch in the field. After a siesta, the afternoon activity begins, often culminating in a scenic sundowner.

Day 9-11

Tsowa Safari Island, Zambezi National Park

Day Itinerary

Following breakfast and a possible morning activity (flight time permitting) you will transfer by light aircraft to Victoria Falls Airport. Our local representative will meet you on arrival and transfer you to Matetsi where the team from Tsowa will meet you for your onward transfer to camp. Here you spend two nights on a fully inclusive basis (Activities are shared with other guests).

Zambezi National Park is a National Park located upstream, just 5km from Victoria Falls on the Zambezi River in Zimbabwe and comprises 40km of Zambezi River frontage. It was split off from Victoria Falls National Park in 1979 and is 56,000 hectares (140,000 acres) in size. The park is bisected by a road to Kazungula, dividing it

into a riverine side and a Chamabondo Vlei side. Most of the park is within the ecoregion of Zambezi and Mopane woodlands, while a small portion in the south is within the Zambezi Baikiaea woodlands.

The Zambezi National Park plays host to a wide variety of larger mammals including African elephant, lion, Cape buffalo and leopard. In addition to these charismatic members of the "big 5" there are herds of sable antelope, common eland, common zebra, Southern giraffe, greater kudu, waterbuck and impala. In addition, many species of smaller wildlife can be seen here.

Overnight: Tsowa Safari Island [View iBrochure](#)

Includes: accommodation, all meals, local drinks, game drives, game walks, sunset cruise and canoeing (water dependant)

With four access areas (Victoria falls-Zimbabwe, Livingstone-Zambia, Kasane-Botswana & Namibian border), Tsowa Safari Island is located in the middle of the mighty Zambezi River, isolated from the hustle and bustle of the Victoria Falls Town, making it the ideal place to kick start a Southern Africa Safari.

This small intimate camp has 6 free standing tents nestled on the edge of the island on the banks of the Zambezi River. Each tent is en-suite with an indoor and outdoor shower and a flushing toilet. All tents have a small covered veranda set on the river edge.

The main area at Tsowa Safari is made up of an open-air lounge and dining area which open up to an outside deck, linked to the swimming pool. Adjacent to the main area is the bar tent and a sunken fire pit overlooking the river.

End of Itinerary

Day Itinerary

Following breakfast and a possible morning activity (flight time permitting) you will transfer by road to Victoria Falls Airport where you will connect with your onward travel arrangements.

Travel Information

Please take note of our Booking Terms & Conditions. It will be understood that these have been read and accepted by you on receipt of confirmation of the booking.

- For your safety and peace of mind, on confirmation of your booking, we strongly recommend that Travel Insurance is arranged to cover cancellation, curtailment, emergency evacuation, medical and repatriation expenses, damage/theft/loss of personal luggage, money and goods.
- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops en-route to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters and airport assistance from arrival to departure can be requested at an additional cost.
- Passengers exceeding 100kg are kindly asked to notify us at the time of booking as a surcharge may be applicable on internal flights due to smaller aircraft having strict weight limits in compliance with industry safety regulations.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.
- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g Dinner cruises in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g Airlink JNB/MUB, Proflight LIV/LUN within Zambia. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Air tickets are considered non refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

Passports, Visas and Travel Documentation

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be

guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7- and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.

- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators' code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.

Internal Flights and Transfers

Due to the remote areas the camps and lodges are based in, transfers between camps may take place by boat, train, game drive vehicle or light aircraft.

Road transfers to and from Hwange Safari Lodge/ Hwange Main Camp have scheduled departure times, any transfer outside these times will attract a surcharge.

Departure Taxes

International departure taxes are included in the scheduled flight rates. However light aircraft transfers from Victoria Falls Airport to Livingstone or Kasane require an International Departure tax of US\$35 per person & AIDF Levy of US\$15 = US\$50 per person to be paid in cash.

Domestic departure taxes are payable in cash at the airport, for any flights departing internally from any registered, manned airport. These include Harare, Bulawayo, Kariba, Hwange and Victoria Falls Airport. The amount is US\$10 departure tax + US\$5 AIDF Levy = US\$15 per person. We recommend small denominations for easier and quicker transactions as change is not always available. Traveller's cheques and credit cards are NOT accepted.
