## Day 1-4

### Letaka Safaris Northern Highlights Mobile Safari Southbound Savuti

#### Day Itinerary

After breakfast and at a pre-appointed time (approximately 09h00) you will be met by your guide and join up with the mobile camping safari group.

You will embark on a journey to the Chobe National Park, renowned for its rich wildlife and birdlife encompassing both swamp and dry landscapes. During a short break en-route, your guide will give you a full overview of your safari and a safety briefing.

For the next three days, you will embark on a quest to discover the diverse wildlife and bird species that this region is famous for, while soaking in the stunning sounds and sights around you. You will spend three nights exploring Chobe National Park in Savute area. Early morning game drives at sunrise and late afternoon drives at sunset will be the routine.

Camping will take place in private designated campsites equipped with bush ablutions. (B,L,D)

#### Overnight: Letaka Safaris Northern Highlights Mobile Safari Southbound -Chobe Central

The Chobe Riverfront is an elephant mecca; home to the largest density of African elephants in the world. Travel here during winter and you'll fast run out of fingers and toes while you count them drinking at the riverbanks and socialising out on the floodplains.

Thanks to its ease of access from Victoria Falls, the Chobe Riverfront is the busiest part of Botswana (though still a much quieter affair than most South or East African safaris). What Chobe lacks in solitude during the busier months, it more than makes up for with quality game viewing.

Chobe will leave you feeling tiny as giant elephant bulls stroll up next to your vehicle or snorkel alongside your boat. It will make you feel lost as hundreds of hippos and buffaloes crowd you out on the floodplains. It will put your heart in your throat as prides of lions stalk antelopes by the water's edge, and it will leave you alone with your thoughts while the classic red sunsets melt over the river to a soundtrack of whistling fish eagles.

Chobe is not just a great introduction to Botswana. It also makes a rewarding repeat journey once you've ticked off the big stuff. It is a place to search for the rare sable antelope, to spot that gem from the birders' bucket list and to explore the remoter corners.

Where you stay in Chobe makes a huge difference to your safari experience. The most affordable options are at bigger hotels in a town setting where you will share your game drives with a few more vehicles. On the more exclusive end, stay in a wilder area in or around the park, listen to the sounds of the bush at night and get a head start on accessing the park for activities.

#### **MOBILE SAFARI INCLUSIONS, EXCLUSIONS AND DETAILS:**

##### **Includes:**

Services of a professional guide, safari chef and camp assistants, complete with a supply vehicle. Game drives and local transfers in customised safari vehicles. Exclusive camping in private campsites within the national parks and reserves. All entrance and camping fees within the national parks and reserves. All meals and drinks (mineral water, soft drinks, beer, wine and G&T) whilst in Letaka Tented Camps. All activities as specified in the itinerary.

##### **Excludes:**

Travel Insurance, All flights unless otherwise indicated, Items of personal nature, Staff gratuities, Optional safari extensions, any drinks at lodges or accommodation other than Letaka Tented Camps.

**Wifi:** Letaka Safaris runs on a proudly no Wifi policy

##### **Participation:**

The Fully Serviced Safari is a nonparticipation safari, where the Letaka Safaris team will carry out all the necessary camp chores to keep the safari running smoothly. There is one guide with the guests at all times and a back up team (chef + camp assistants) in a backup vehicle setting up and breaking camps, cooking meals, etc.

##### **Accommodation:**

Accommodation is in large tents with camp beds and bedding provided.

##### **Ablutions:**

Ablutions are en-suite. There is an attached shower and toilet cubicle with bush toilet (long drop\*). Both are enclosed by canvas for privacy and protection from wildlife.

**Transportation:**

Transport is in a custom made 4x4 safari vehicle. While the vehicle can take nine guests, our groups are limited to a maximum of 7 passengers thus ensuring all have comfortable seating and access. Please note that mobile safaris that have road transfers between camps - the vehicle is open and windy with some transfers taking 4-6 hours depending on the routing.

**Group Size:**

Maximum 7

**What to expect on Safari**

A full day in camp usually starts at sunrise around the campfire for that first 'essential' cup of tea or coffee and a light breakfast of cereal, toast, fruit and rusks. You then head out as early as is permitted to be the first on the roads to track fresh spoor left from the animal's overnight activities – you may spot fresh lion tracks walking straight past the camp or evidence of a passing herd of buffalo not far away.

Generally on the morning game drive you stop for tea and head back to camp by late morning. In camp you may enjoy a lunch or brunch, depending on the time, and then there is plenty of time for showers and that great safari tradition 'siesta time'. You meet together for afternoon tea and then head out on the afternoon activity, perhaps seeking a new area or returning to a great morning sighting.

Moving days follow a different pattern. Your guide combines his knowledge of the wildlife, safety and road and weather conditions when planning transfers. Departure times are always communicated in advance.

**Day 1: Kasane to Central Chobe / Travel Day (5 hours)**

Your safari will start in Kalahari Tours in Kasane at 09h00. Today's drive takes us from the Chobe River through the wonderful Zambezi teak woodlands of the Chobe Forest Reserve, across the sand-ridge and into the stunted mopane scrub of the Ghoha clay basin. While there are community areas that we pass through that are settled by local tribes, for the vast majority of the day's drive we pass through wild country where wildlife moves un-inhibited by fences or man. Roan and sable antelope thrive in the teak woodlands where the low density of predators and lack of competition for food by other ungulates makes this prime habitat for these large ungulates.

**Day 2 & 3: Central Chobe Exploration Days**

Unlike the vast majority of the country, Central Chobe is not flat landscape. Large outcrops of volcanic rock reach up out of the Kalahari sands, towering over the endless savannah. These hills provide habitat for a completely different array of small wildlife, birds and plants. The Savuti Marsh has been the stage for many of the most dramatic wildlife documentaries in Africa. The wide open country, good ungulate populations and particularly strong prides of lion and hyaena clans make for dramatic wildlife interaction and excellent viewing opportunities. The now dry Savuti Channel runs through this landscape linking the drysandveld, the waterholes, the hills and the grassland that was the Savuti Marsh. Undoubtedly it is the interaction between lion and elephant that is the most interesting aspect of Savuti.

## Day 4-7

### Letaka Safaris Northern Highlights Mobile Safari Southbound Mababe

#### Day Itinerary

Mababe located on the outskirts of the Moremi Game Reserve and in the vicinity of the renowned Khwai region will be your next destination. As you continue your search for wildlife, you will traverse the drier region of Savute where bull elephants dot the plains and head towards Mababe.

Camping will be in private designated areas with bush ablutions. (B,L,D)

#### Overnight: Letaka Safaris Northern Highlights Mobile Safari Southbound - Mababe

The Mababe Concession is located in the eastern part of Botswana's North-West District, set on the vast, wild plains of the Mababe Lower Depression. From open grasslands to cathedral Mopane forests, riverine habitats and Kalahari scrub, this area boasts a large variety of differing habitats, flora and fauna.

The concession has the Khwai River running through it which finally empties out into the Mababe Depression. The area is teeming with large and small mammals, birds, plains game and predators, including elephant, giraffe, buffalo, hippo, wildebeest, impala, kudu, waterbuck, zebra, steenbok, warthog, leopard, lion, hyena, jackal and even eland and oryx in the western areas of the concession being dubbed as the "mini-CKGR".

What sets this area apart is that the Mababe concession has a strict maximum of 20 vehicles for the whole concession at any given time, only Botswana guided safaris with permits can explore the area. The concession allows walking and night drives and coupled with the lower vehicle capacity means a much more private experience. Walking is done in areas that have been set aside specifically for walking safaris where no vehicles are allowed.

**Day 4:** Central Chobe to Mababe / 80km Travel Day (full day of extended game drive and journey time with picnic lunch between camps)

Leaving the parched landscape, we continue our journey south to the Mababe Private Reserve area.

**Day 5 & 6:** Mababe Exploration Days

The Khwai River meanders through the concession giving ample riverside routes to explore. We spend the following two nights camping at an exclusive campsite in the Mababe concession that has a strict max of 20 vehicles for the whole concession at any given time, exploring the riverbanks, Kalahari shrub to the east, cathedral mopane to the south on game drives both during the day and at night. Exploring after dark with

spotlights offers you an opportunity to experience some of the nocturnal animals that are rarely encountered during the day.

We will also have the opportunity to explore the surrounding wilderness on foot to enjoy an up close and personal encounter with Botswana's flora and fauna. It is important to note that night drives and guided walks are not permitted within the national parks and reserves. These activities are conducted outside the boundaries of the Moremi Game Reserve in the Mababe Private Reserve.

## Day 7-10

### Letaka Safaris Northern Highlights Mobile Safari Southbound Moremi , Moremi Game Reserve

#### Day Itinerary

The Moremi area is known for its dynamic ecosystem, which can undergo significant changes over time will be your final destination on this mobile safari before heading to the Okavango delta. The presence of waterholes and marshes can attract a diverse range of animals, making each game drive a thrilling and unpredictable adventure. Camping will be in private designated areas with bush ablutions. (B,L,D)

#### Overnight: Letaka Safaris Northern Highlights Mobile Safari Southbound Moremi

The Moremi Game Reserve is all about searching for big game; where the habitats are as diverse as the wildlife itself. Water-adapted antelopes and wary-eyed buffaloes spill out into floodplains, behind towering woodlands where leopards hide on the high branches. Dead trees cast silhouettes over elephant-filled savannas a stone's throw from papyrus-fringed channels stretching out to the delta beyond.

When you arrive in the Moremi Game Reserve, it's anyone's guess what you'll find lurking in the long grass. From wild dogs stalking waterbucks to long sunsets by a hippo-filled lagoon, the scenes will live on in memory long after the journey home.

Kick up sharp smelling clouds of dust on a morning drive, disturbing pockets of warm air in the reeds as you splash through water crossings in pursuit of a distant lion's call. Pause by the edge of large lagoons, squinting to catch mischief making hyenas as they emerge from the trees to drink.

When you get sick of game drives, discover the channels by boat while Squacco herons fly alongside you into the wind. Watch a lazy sunset with the blue-cheeked bee eaters before returning to dry land for more hardcore bush exploration.

As Moremi Game Reserve is bound by national park rules, activities here are limited to game drives during hours of daylight with no off-roading, and boat cruises on the permanent channels.

While most of the reserve is open to the public, two private lodges sit in the Mombo Concession to the north of Chief's Island, surrounded by the waters of the Okavango Delta. Boating isn't possible here, instead the area offers the ultimate in dry-land game viewing. Hailed as Botswana's predator capital, this exclusive corner is closed to outsiders and home to the big five, where the invitee list fills up years in advance.

**Day 7:** Mababe to Xakanaxa / 110km Travel Day (full day of extended game drive and journey time with picnic lunch between camps)

This morning we head towards and through Khwai, stopping to do a mokoro excursion on the slower and safer back waters of the Khwai River and the Mbudi channel. The day's journey follows this water course, with the track weaving from the riverside and floodplains into the mopane veld and the woodlands before crossing the Khwai River and entering the Moremi Game Reserve.

**Days 8 & 9:** Moremi Exploration Days – Moremi Game Reserve  
Moremi lies on the eastern extremity of the Okavango Delta.

## Day 10-12

### Setari Camp, Okavango Panhandle

#### Day Itinerary

**Days 10 & 11:** Your guide will transfer you to the airstrip towards your light aircraft transfer time to Jedibe Airstrip for Setari Camp where you are going to spend your final two nights on a fully inclusive basis (Activities are shared with other guests) in the Northern Okavango delta.

Before the Okavango River fans out into its familiar delta shape, its waters are channeled between steep banks created by parallel fault lines. This channel is commonly known as the Pan Handle, named as such as the Delta takes on the appearance of a giant frying pan lying in the heat of the Kalahari.

Permanent deep water has encouraged the growth of villages along the river, particularly on the western side which is accessed by a tarred road. The communities up in this area are mainly fishing based or cattle farming and there are opportunities for some colourful encounters with the locals and the area offers a true glimpse of village life, often not seen in Botswana as guests often only visit the uninhabited wildlife areas.

The Panhandle area is not within a protected reserve or park, but there are still huge areas of unspoiled wetlands and a number of well-established lodges on the western side. The wetlands offer exquisite birdlife, a huge population of hippos and some of the largest crocodiles to be found. The general wildlife common in the lower delta is less abundant in this area. The focus of activities in the area are water based - motorboating and fishing, and it is possible to travel by road or boat to the eastern side of the river where there are community based mokoro excursions offered. The Pan Handle area is also in proximity to the world

heritage site of Tsodilo Hills. Being the spiritual home of the San and Bantu people, the hills feature many well preserved specimens of 'rock art' and there is a small museum where it is possible to hire a local guide for a personal tour of the area. The annual barbell run of catfish (September/October) attract hunting tiger fish in large numbers and is the best time for serious anglers to experience this fascinating phenomenon and catch this awesome predatory game fish.

## Overnight: Setari Camp [View iBrochure](#)

**Includes:** Meals, local drinks, activities laundry & Intermittent WiFi

**Excludes:** Premium drinks

**Activities:** boat safaris, mokoro excursions, walking safaris on neighbouring islands and a cultural visit to the Jao Island Village. Scenic helicopter trips may be arranged at an additional cost.

Setari Camp enjoys an idyllic island setting on a 50,000 hectare private concession in the Okavango Delta's Panhandle region. The island is dotted with palm trees and offers an exclusive, water based safari experience. Activities are available all year. The camp sits atop wooden walkways and platforms to maximise views of the surrounding waterways.

All of Setari Camp's nine large tented rooms, one being a family unit, feature en suite bathrooms with separate loo, outdoor shower and bathtub.

The central camp facilities under thatch include the dining area and a comfy indoor lounge. Outdoors, Setari Camp has a well shaded relaxation area and swimming pool. Electricity supply is available with certain limitations.

The permanent waters of the Okavango Delta's region are renowned for their exceptional birding, and aquatic wildlife is plentiful. Larger water dependent animals such as hippo and crocodile are frequently seen.

**Airstrip transfer time:** Approximately 45 minute boat ride

## Day 12 End of Itinerary

### Day Itinerary

Following breakfast and a possible morning activity (time permitting) you have a light aircraft transfer to Maun for your exiting flight to your own onwards arrangements.

## Travel Information

**Please take note of our Booking Terms & Conditions. It will be understood that these have been read and accepted by you on receipt of confirmation of the booking.**

- For your safety and peace of mind, on confirmation of your booking, we strongly recommend that Travel Insurance is arranged to cover cancellation, curtailment, emergency evacuation, medical and repatriation expenses, damage/theft/loss of personal luggage, money and goods.
- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops en-route to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters and airport assistance from arrival to departure can be requested at an additional cost.
- Passengers exceeding 100kg are kindly asked to notify us at the time of booking as a surcharge may be applicable on internal flights due to smaller aircraft having strict weight limits in compliance with industry safety regulations.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.
- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g Dinner cruises in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g Airlink JNB/MUB, Proflight LIV/LUN within Zambia. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Air tickets are considered non refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

### **Passports, Visas and Travel Documentation**

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

### **Inter-camp transfers**

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7-

and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

### **Weight & Luggage Restrictions**

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

### **Lost Luggage**

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

### **Health and Dietary**

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

### **General Travel Information**

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.

- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators' code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.

### **Visa**

Some visitors need to apply for visas before arrival please check with your Embassy.

For more information on visas please visit the following address:

Botswana Government - Visa Requirements

### **BORDER CROSSINGS**

#### **Currency**

The currency of Botswana is the Pula (BWP). US\$ Dollar notes (2007 Series onwards), and Visa and MasterCard are accepted.

#### **Internal Flights and Transfers**

Due to the remote areas the camps and lodges are based in, transfers between camps may take place by boat, mokoro, game drive vehicle or light aircraft.

#### *Flight times around Botswana | Approximate flying times*

Flight duration times (as listed below), are to be used as an average guideline. They are based on actual flying time, and passengers may have various stops en-route to a destination affecting the total travel time. Your pilot will brief you of your flight route and duration during the safety briefing.
