Day 1-4

Selinda Explorers Camp, Selinda Reserve

Day Itinerary

Upon arrival into Maun Airport, proceed to Customs and Immigration (visa fees to be advised by your consultant) and collect your luggage before you will be met by a representative from Safari Specialists and shown to the charter company to assist with check-in formalities for your light aircraft transfer flight to Selinda airstrip. You will be met for the onwards scenic game drive transfer to Selinda Explorer's where you spend the following three nights on a fully inclusive basis (activities are shared with other guests).

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops enroute.

The Linyanti is a safari addict's bush nirvana. One of the most remote and exclusive pockets of Botswana, this pristine wilderness is what great game viewing and wildlife documentaries are made of.

Only private concessions are on offer here, where the rules are flexible and the crowds can't go. The Linyanti is not just for ticking off the big game; it also has a knack for delivering lesser-spotted bucket list items, whether it's a rare bush pig or that long-searched-for wild dog.

Very few camps operate in the Linyanti. Each offers different habitats and landscapes with one common theme: a strong track record for game viewing during Botswana's drier winter months. Together with the Chobe Riverfront, the Linyanti homes the highest density of African elephants in the world. Many camps also offer seasonally dependent water-based experiences, be it on a spillway, river, lagoon or channel to break up the game drive routine.

Just one of the Linyanti's concessions alone is twenty times the size of Manhattan, yet only forty people can stay during any night of the year. If Botswana puts a heavy emphasis on preserving the wild and taking only a handful of people into the bush, then the Linyanti is where this concept is taken to the extreme. Here, you can follow the big game off-road, whether in a white-knuckled pursuit of a lioness chasing buffaloes, or during a quiet crawl off-track to see wild dog puppies emerging from their den for the first time. Possibilities exist for exploring the bush on foot for adrenaline-pumping game approaches, and many camps offer game viewing hides for a more relaxed approach to wildlife sightings, or even overnight sleep outs.

Overnight: Selinda Explorer's Camp [View iBrochure](#)

Includes: meals, selected drinks, activities, park/concession fees, laundry and Intermittent Wi-Fi

Excludes: premium drinks

Activities: day & night game drives, walking and canoeing (water levels permitting/seasonal)

Selinda Explorers Camp is poised in a remote, treasured location on the famous Selinda Spillway, under canopies of jackelberry and mangosteen trees. As the lifeline of the Selinda Reserve, the Selinda Spillway is a crucial gathering point for the wildlife of this pristine 320,000-acre Reserve.

This classic camp has three tents and one two-bedroom family tent, all on raised platforms with a private verandah. Each camp is en-suite with flush toilet and a shower (with hot & cold running water).

The main area tents are on ground level decorated with Persian carpets and pillows, dark wooden furniture and copper accents. This explorers style camp set up creates an atmosphere of a by gone era.

Activities concentrate on getting back to nature with the emphasis on guided walking and there may be the option of canoeing when water levels permit (currently July – September, subject to change). In addition, day and night game drives are available exploring the Selinda Reserve. It is a wildlife hot spot, with huge herds of elephants and buffalo, lion, wild dog, sable and roan antelope all frequently spotted.

Please note that the camp has 2 vehicles taking up to 4 guests in each which guarantees a window seat for all (unless a private group would like 6 in a vehicle), activities are planned together with your guide and all guests in camp, no private vehicle is available.

Airstrip Transfer Time: 45 minutes

Day 4-6

Beagle Expeditions - Kweene River Camp, Okavango Delta

Day Itinerary

Following breakfast and a possible morning activity, time permitting, you enjoy a helicopter transfer flight to Kweene Trail for your four-night mobile camping experience with Beagle Expeditions on an exclusive basis (if 4 guests, or you have the option to join a small group set departure if less than 4 guests).

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

Overnight: Beagle Expeditions - Kweene River Camp [View iBrochure](#)

Includes: meals, selected drinks, activities (Private Guide for minimum 4 guests), park/concession fees and limited laundry

Excludes: premium drinks

Accessible only by helicopter, guests experience a breathtaking scenic helicopter flight over the dramatic Okavango Delta landscape on arrival, bringing them right onto the doorstep of Beagle Expeditions wild

playground. Guests are welcomed by a private guide and his intimate expedition team, and become acquainted with their tent, private camp and the raw wilderness around them.

The journey starts along the southern section of the Kweene River system in the occasional swamp habitat at Kweene River Camp, this area has a much more arid feel to the landscape. However, as the floodplains are inundated with water less frequently than the seasonal swamp, the grass species that dominate the floodplains are much more palatable and thus productive, supporting large herds of grazers and the predators that follow.

The daily routine and safari schedule has a fluid structure, wholly dependent and dictated by the wildlife around, what is happening in the concession at the time of guest's expedition, the ever-fluctuating water levels, the time of year, and of course the mood and capabilities of the group. The beauty of a private and intimate mobile camp is that guests have total flexibility, steered by their private guide and his knowledge to give them the best experience possible.

A typical expedition at Kweene Trails, could however begin with a game drive along a crafty game drive network, getting a sense of the area and a feel for what the resident wildlife in the area has been up to, setting the scene for guest's next few days of safari. A limited game drive network has been sensitively developed to preserve the wild, untouched beauty of this remarkable landscape, without compromising the ability to explore the dry land habitat adjacent to the Kweene River floodplains by vehicle and experience the excitement of observing wildlife from a game drive vehicle.

Day 6-8

Beagle Expeditions - Magwegwe Camp, Okavango Delta

Today you are moving further North up the Kweene River system to Magwegwe camp, which is situated in the seasonal swamp habitat and you will pack your backpacks with picnic lunch before heading out for a full day of adventure. The journey can be anything from 10 to 50 km, depending on the route travelled that day. Normally, it is a tranquil mokoro / walking trail, giving you a sense of age-old exploration as your heightened

senses absorb a full day of wilderness sounds, smells and sights. However, based on guests dynamic, and abilities of the individual members of the expedition, we may replace the trail with a full day of exploration by game drive vehicle if required.

As previously described

Excludes: premium drinks

The journey moves further North up the Kweene River system to our Magwegwe camp, which is situated in the seasonal swamp habitat. Here, the river receives water on a yearly basis with the inundation cycle of the annual Okavango flood dynamic. This section of the river is an exposé of exceptional Okavango Delta scenery and its wildlife; endless floodplains with well-wooded islands dotting the plains and all-year-round surface water drawing in an abundance of wildlife. On the moving day between the two camps, guests cover the distance by vehicle, on foot or by mokoro; or by a combination of these. This is a full day of exploration out in the wilderness with a delicious, packed lunch enjoyed during a restful siesta; while the backup team moves the camp and sets up for the afternoon arrival in the next location.

- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops enroute to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters and airport assistance from arrival to departure can be requested at an additional cost.
- Passengers exceeding 100kg are kindly asked to notify us at the time of booking as a surcharge may be applicable on internal flights due to smaller aircraft having strict weight limits in compliance with industry safety regulations.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.
- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g. Dinner cruises in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important

that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport

- We require full payment for international and domestic scheduled flights at the time of confirmation e.g. Airlink JNB/MUB, Proflight LIV/LUN within Zambia. Air tickets are considered non-refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

Passports, Visas and Travel Documentation

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7- and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you

pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.

- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators' code of conduct in order to ensure your safety.
