Day 1-4

Lebala, Linyanti Concession

Day Itinerary

Upon arrival into Maun Airport, proceed to Customs and Immigration (visa fees to be advised by your consultant) and collect your luggage before you will be met by a representative from Safari Specialists. Our team will take you to the Mack Air desk to assist with check-in formalities for your light aircraft transfer flight to Lebala camp, where you spend three nights on a fully inclusive basis (activities are shared with other guests).

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.

The Linyanti is a safari addict's bush nirvana. One of the most remote and exclusive pockets of Botswana, this pristine wilderness is what great game viewing and wildlife documentaries are made of.

Only private concessions are on offer here, where the rules are flexible and the crowds can't go. The Linyanti is not just for ticking off the big game; it also has a knack for delivering lesser-spotted bucket list items, whether it's a rare bush pig or that long-searched-for wild dog.

Very few camps operate in the Linyanti. Each offers different habitats and landscapes with one common theme: a strong track record for game viewing during Botswana's drier winter months. Together with the Chobe Riverfront, the Linyanti homes the highest density of African elephants in the world. Many camps also offer seasonally dependent water-based experiences, be it on a spillway, river, lagoon or channel to break up the game drive routine.

Just one of the Linyanti's concessions alone is twenty times the size of Manhattan, yet only forty people can stay during any night of the year. If Botswana puts a heavy emphasis on preserving the wild and taking only a handful of people into the bush, then the Linyanti is where this concept is taken to the extreme.

Here, you can follow the big game off-road, whether in a white-knuckled pursuit of a lioness chasing buffaloes, or during a quiet crawl off-track to see wild dog puppies emerging from their den for the first time.

Possibilities exist for exploring the bush on foot for adrenaline-pumping game approaches, and many camps offer game viewing hides for a more relaxed approach to wildlife sightings, or even overnight sleep outs.

Overnight: Lebala [View iBrochure](#)

Includes: meals, drinks, all game viewing activities, laundry & return airstrip transfers and Intermittent Wi-Fi

Excludes: premium imported wines, champagnes & spirits

Activities: game drives, night drives and seasonal walking at the guides discretion

Lebala Camp fronts onto the Linyanti Wetlands where the perennial and southerly flowing Kwando River disappears into the vast marshes before emerging as the Linyanti River, flowing in a north easterly direction. Lebala means "wide open spaces" in the local Setswana dialect which aptly describes this incredible area.

The eight spacious tents are unique, each built on a raised teak deck and open with expansive views, laid out with maximum comfort and privacy in mind. One of the 8 tents is a family room with 2 bedrooms and a shared bathroom. The tents have an entrance foyer with a reading and writing area, en-suite bathrooms with Victorian claw foot bathtubs, "his and hers" washbasins and flush toilets. The bathrooms lead out to a reed enclosed open-air shower with hot and cold running water on demand. The main lodge is under thatch featuring a bar, dining area and open lounge connected on wooden walkways to a plunge pool on raised decking and the boma area.

At Lebala Camp, the activities concentrate on open vehicle game drives and walking safaris. However, game walks are at the guides' discretion due to the concentrations of elephant. Lebala Camp offers off road and night game drives - night drives being a specialty at Lebala with its high-visibility plains.

The wetlands and flood plains around Lebala offer a wonderful variety of wildlife with excellent sightings of elephant, hippo, lechwe, zebra, giraffe, impala, wildebeest, kudu, tsessebe, roan, sable, buffalo and the ever-present predators; wild dog, lion, cheetah and hyena.

Day 4-7

Mma Dinare, Okavango Delta

Day Itinerary

Following breakfast and a possible morning activity (time permitting), you have a light aircraft transfer flight to Mma Dinare where you spend the following three nights on a fully inclusive basis (activities are shared with other guests).

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move

where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

It is important that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g Airlink JNB/MUB, Proflight LIV/LUN within Zambia. Passports, Visas and Travel Documentation

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7- and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
