## Day 1-4

### Sussi & Chuma Lodge, an A&K Sanctuary, Victoria Falls (Zambia)

#### Day Itinerary

Upon arrival into Livingstone Airport proceed to Customs and Immigration (please let us know your nationality and we will advise visa fees accordingly). From there you collect your luggage and head to the Terminal building where you will be met by a local representative for your shared road transfer to Sussi & Chuma, spending three nights on a fully inclusive basis (Activities are shared with other guests).

**VICTORIA FALLS (ZAMBIA)**

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is at its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

### **Overnight: Sussi & Chuma Lodge, an A&K Sanctuary** [View iBrochure](#)

Sussi and Chuma Lodge is an enchanting riverbank hideaway just 10 minutes upstream of the Victoria Falls along the Zambezi River in the Zambia's Mosi-Oa-Tunya National Park. It is named after David Livingstone's faithful friends and consists of an exclusive upmarket lodge and the Chuma Houses, spacious two-bedroomed villas which take full advantage of their enchanting riverbank setting.

Guest accommodation consists of 12 luxury tree houses built into the living canopy of giant ebony trees lining the bank. Each unit has a private view of the mighty Zambezi River from its own deck among the branches and is equipped with en-suite facilities, air conditioning, mini bar, mosquito nets, overhead fans, tea/coffee facilities and a hair dryer. The chalets are linked to the main lodge via raised wooden walkways which allows visiting hippo and elephant free access without compromising guests' safety. The main building features a spectacular raised bar/lounge deck, open air dining area, curio shop, swimming pool and lawns sweeping down to the water's edge. Meals are table d'hôte with a large selection of dishes, served al'fresco, often around the campfire in the evening.

Guest can enjoy game drives in the Mosi-oa-Tunya National Park where Zambia's only white rhino can be spotted or picturesque early morning or sunset river cruises on a 12-seater boat. A cultural tour of Livingstone including a visit to the Museum and the Simonga Village is a must for guests to this area as well as a guided tour of the Victoria Falls and rain forest on the Zambian side. Children enjoy tailor made game drives as well as a visit to Nakatindi School. A shopping tour in Livingstone town also provides an opportunity to experience the local flavour of Livingstone while guests may also enjoy fishing in the Zambezi River.

**Airport Transfer Time:** 30 minutes

## Day 4-6

### A&K Sanctuary Chobe Chilwero Lodge, Chobe River Front

#### Day Itinerary

Following breakfast and a morning at leisure you will be met at reception by a local representative for your possibly shared cross border road transfer into Botswana and Kasane Airport to Chobe Chilwero Lodge - here you spend two nights on a fully inclusive basis (activities are shared with others).

The Chobe Riverfront is an elephant mecca; home to the largest density of African elephants in the world. Travel here during winter and you'll fast run out of fingers and toes while you count them drinking at the riverbanks and socialising out on the floodplains.

Thanks to its ease of access from Victoria Falls, the Chobe Riverfront is the busiest part of Botswana (though still a much quieter affair than most South or East African safaris). What Chobe lacks in solitude during the busier months, it more than makes up for with quality game viewing.

Chobe will leave you feeling tiny as giant elephant bulls stroll up next to your vehicle or snorkel alongside your boat. It will make you feel lost as hundreds of hippos and buffaloes crowd you out on the floodplains. It will put your heart in your throat as prides of lions stalk antelopes by the water's edge, and it will leave you alone with your thoughts while the classic red sunsets melt over the river to a soundtrack of whistling fish eagles.

Chobe is not just a great introduction to Botswana. It also makes a rewarding repeat journey once you've ticked off the big stuff. It's a place to search for the rare sable antelope, to spot that gem from the birders' bucket list and to explore the remoter corners.

Where you stay in Chobe makes a huge difference to your safari experience. The most affordable options are at bigger hotels in a town setting where you'll share your game drives with a few more vehicles. On the more exclusive end, stay in a wilder area in or around the park, listen to the sounds of the bush at night and get a head start on accessing the park for activities.

## Overnight: A&K Sanctuary Chobe Chilwero Lodge [View iBrochure](#)

**Includes:** meals, local drinks, activities, park fees, laundry and Intermittent WiFi .

**Excludes:** premium drinks

**Activities:** game drives and boating. Fishing is offered at an additional cost

Chobe Chilwero is located on the border of the Chobe National Park. Chilwero means "place of high view" in the local language of Setswana which accurately describes this exquisite lodge, set above the Chobe River with unparalleled panoramic views across the islands and flood plains as far as Namibia.

This boutique lodge has nine double and six twin luxury thatched cottages, all of which are individually designed to blend in perfectly with the topography and natural vegetation of the surrounding area. For families the lodge offers 3 twin cottages next to each other. Each luxury cottage has its own en-suite bathroom with a large free standing bath, rain shower and "sala" or private balcony, mosquito nets, ceiling fans and air-conditioning. The main public area includes an elegant lounge and dining room, which are linked to spectacular outdoor viewing patios.

For game viewing, Chobe Chilwero offers guests complete flexibility. The game drives are led by qualified professional guides in customised open 4 x 4 game viewing vehicles and especially adapted safari motorboats. Fishing excursions are also available on the Chobe River with tiger fish and bream being the main catch. Sundowner cruises are a highlight offering views of spectacular sunsets on the Chobe River.

**Kasane Airport Transfer Time:** 10 minutes

### Kasane

This property is located in the small but thriving town of Kasane, where many bigger hotels are located along the Chobe River banks. Entry to Chobe National Park for game drives is via Sedudu Gate ten to fifteen minutes' drive from town. For Chobe River cruises, boats depart directly from town. Although wildlife often passes through Kasane a typical bush experience is not on offer here. Instead, you'll get all the comforts of civilization with easy access to the bush.

## Day 6-8

### Savute Elephant Lodge, Savuti - Chobe National Park

#### Day Itinerary

Following breakfast and a possible morning activity, you will road transfer to Kasane Airport, where you will be assisted by a porter with check in for your light aircraft transfer flight to Savute Airstrip for Savute Elephant Camp for your two nights stay on a fully inclusive basis (Activities are shared with other guests).

Your flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus hand luggage.

## SAVUTI - CHOBE NATIONAL PARK

When it comes to Botswana, Savute breaks all the rules: both for animal behaviour and for habitats. Here, lions hunt elephants, leopards take to fishing, the grasslands are vast and open and rocky hills punctuate the flat terrain.

Savute has proved itself somewhat of an enigma over the decades. During years of abundance its marsh fills with water, fed by the Savute Channel. The water weaves its way here from Angola via a chain of rivers and lagoons, spilling out into the marsh and drawing huge herds of elephants, wildebeest, zebras and buffalos.

In drier years, the channel shrinks into small pools and can evaporate completely, leaving the marsh dry and sending wildlife to the waterholes for water, where the tension between plains game and predators heats up over a parched and dusty landscape.

Wherever the plains game goes in Savute, the predators follow close-by, learning tricks of survival to adapt to the marsh's ever-changing nature. Whether the water flows here or not is anyone's guess. The channel and marsh have a life of their own, independent both of the seasons and the annual rainfall.

Savute doesn't just offer a safari; it's also a feast for the eyes. Whitewashed skeletal trees set against green grass and huge blue skies, blinding red sunsets that spill purple and orange across the bush, and endless horizons that fade into a hazy mirage with the heat.

As Savute is part of Chobe National Park, a safari here is limited to game drives only. With the diversity of habitats, wildlife and landscapes that the marsh has to offer however, you'll still find yourself wishing you had more time to see it all.

### **Overnight: Savute Elephant Lodge, Savuti** [View iBrochure](#)

**Includes:** meals, local drinks, activities, park fees, laundry, return airstrip transfers and Intermittent WiFi

**Excludes:** premium imported wines, champagnes & sprits

**Activities:** day game drives, birding, stargazing, visit to Bushmen paintings and Baobab trees

Savute Elephant Lodge lies in the heart of the Chobe National Park, perched on the banks of the sometimes dry, sometimes wet Savute Channel. Savute Elephant Lodge thus offers a spectacular base from which to explore the area. The region is famed for one of Africa's largest concentrations of elephant and consequently a particularly skilled lion pride has evolved in the area, specialising in hunting elephants.

This luxurious lodge consists of twelve twin-bedded canvas tents, well shaded under thatch and air-conditioned which offer respite from the warmer temperatures and feature lavishly appointed en-suite bathrooms and dressing areas. They also have private viewing decks and comfortable outdoor lounges overlooking an adjacent waterhole just metres away from the lodge's main building, offering a bird's eye view of elephant in their natural habitat

The lodge offers game viewing activities in the morning and late afternoons. These activities take place in an open 4x4 safari vehicle, designed for comfort and safety. It offers guests the opportunity to get close to these grey giants and other large game under the skilled guidance of an expert guide. San tribal rock paintings dot the nearby hills and bird watching in the region is excellent. Please note that activities are restricted to set regulations designed to conserve the ecosystem as the lodge is within a national park.

**Airstrip Transfer Time:** 30 minutes

## Day 8-11

### A&K Sanctuary Baines' Camp, Okavango Delta

#### Day Itinerary

Following breakfast (time permitting) you have a light aircraft transfer to Baines Camp where you are going to spend three nights on a fully inclusive basis within the heart of the Okavango delta (Activities are shared with other guests).

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

### **Overnight: A&K Sanctuary Baines' Camp** [View iBrochure](#)

**Includes:** meals, local drinks, activities, park fees, laundry & intermittent WiFi

**Excludes:** premium drinks

**Activities:** day & night game drives, mokoro, boating (July-October and water level dependent) and walking safaris

Baines Camp, named after the famed nineteenth century explorer and artist Thomas Baines, is located on the Boro River, in a 260 000-acre private concession in the Okavango Delta that neighbours the Moremi Game Reserve.

Set amongst the shady trees and water of the delta, the small and intimate Baines Camp features just five six luxurious suites set on elevated platforms in the tree line. The elevated suites on wooden decks offer expansive views over the lagoon which teems with life and features a spacious bedroom and elegant bathroom. At Baines Camp you have the unique opportunity to have your four-poster bed rolled out on the deck and sleep under the stars. End your day in tranquillity by soaking in the freestanding bath tub, set on a private open aired terrace.

The main area features an oversized deck for outdoor dining and views over the beautiful lagoon.

The décor is light, colourful and energetic, with bold Botswanan artistic elements. The camp is entirely connected by wooden walkways, encircling large trees and with intimate seating areas on different levels and swimming pool with the boat jetty accessible from the deck.

The area is superb for viewing all animals and bird species. Guests may explore by land in open-sided 4 X 4 vehicles, often into the night to discover nocturnal species as well as enjoying water safaris at the gentle pace of a poled mokoro or by safari motorboats (offered most of the year, subject to water levels). Walking safaris on foot can also be enjoyed with armed guides.

**Airstrip Transfer Time:** 50 minutes - 1 hour

- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops en-route to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters and airport assistance from arrival to departure can be requested at an additional cost.
- Passengers exceeding 100kg are kindly asked to notify us at the time of booking as a surcharge may be applicable on internal flights due to smaller aircraft having strict weight limits in compliance with industry safety regulations.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.
- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g Dinner cruises in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport. Ensure that your luggage is checked through to your final destination to avoid the need to collect and recheck it during transit, such as at OR Tambo International Airport
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g Airlink JNB/MUB, Proflight LIV/LUN within Zambia. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Air tickets are considered non refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

#### **Passports, Visas and Travel Documentation**

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon the guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa, please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents,

or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

### **Inter-camp transfers**

Due to the remote locations of the areas in Southern Africa - your itinerary may include road, boat, helicopter and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3-, 5-, 7- and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

### **Weight & Luggage Restrictions**

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with rigid frames can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges and they also offer amenities (shower gel/shampoo).

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

### **Lost Luggage**

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

### **Health and Dietary**

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are remote, with limited power supply and access to resources, so it is very important to notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

### **General Travel Information**

- Safari Camps and lodges offer limited electricity usually generated by solar or generator in order to make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops travel documents and medication in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators' code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.

### **Visa**

Some visitors need to apply for visas before arrival please check with your Embassy.
